 - **Learner Goal:** Program participants will gain the academic, workforce preparation, and workforce training skills needed to pass the CompTIA certification and to transition to the bridge class to prepare for postsecondary education by the end of the semester.
 - **Program Goal:** Each term, at least 20% of Ability to Benefit IET program participants are from populations identified during the needs assessment as underrepresented (e.g., minorities, females, ELLs, etc.).
 - **Partner Goal:** Throughout the last session of the Ability to Benefit IET program, employer partners will provide work-based learning opportunities that lead to the hiring of program completers.
4. As a group, discuss what you would need to know to evaluate that goal, then come to a consensus on one or two outcome questions and one or two process questions for evaluating your selected goal.
